# The Banter Kit

Portable Communications System

The Banter kit was engineered to provide a reliable, all-weather, portable communications system for up to 4 people. The Banter system is founded on providing crystal-clear communications in the harshest environments for those that must go to sea. It's easy-to-use design ensure crews can focus on the task at hand.

The Banter Kit was designed to be the perfect Intercoms 'starter' kit. The design of the Banter Kit allows integration into the larger Diamond Wireless Intercom system for landing crews, and allows for growing commercial and rescue teams. It's IP rating also allows for full submersion without compromising the integrity of the equipment for all-weather crews.

## Key Features of the Banter Kit

- Clear, reliable communications
- Plug and play operation
- Excellent wind and ambient noise mitigation
- Approx. 300m range
- IP 67/68—still operational even after full submersion
- Latch PTT system enables single-hand operation
- Battle-tested: able to suit a variety of commercial & rescue needs
- Can be integrated with the Diamond Wireless Intercom System for larger crews & landing teams
- Customisable for 2-4 users with multiple headset options
- Provided in a StormProof Pelicase
